Our Members Make a Difference

The Maywood Mission

Maywood fosters environmental stewardship through educational and outdoor experiences designed to connect our community with the natural world.

Your membership helps:

Provide environmental education opportunities for all ages – one year old to one hundred years old.

Enhance recreational areas for walking, hiking, birding, wildlife viewing, cross-country skiing, and snowshoeing.

Improve the park through maintenance projects and creating new features such as decks and boardwalks.

Connect our community to the natural world and inspire people to care for our environment – both locally and globally.

Since 1983, The Ellwood H. May Environmental Park Association has provided vital support to Maywood's environmental education programs, community events, and facilities.

Whether you are striving to learn more about environmental responsibility, are looking for ways to teach your children or grandchildren about the natural world, or simply enjoy spending time in nature, Maywood is your local nature connection. Come visit us today.

Ellwood H. May Environmental Park Association of Sheboygan County, Inc. is a 501(c)(4) membership organization that supports the mission of Maywood.

The Environmental Park Trust of Sheboygan County is a 501(c)(3) non-profit providing financial support to the operation and mission of Maywood.

Both organizations are proud to partner with the City of Sheboygan in connecting our community with nature at the city's largest park.
